Community Living Parry Sound and Local Partners Present:

Inclusion in Employment and Education:

Sharing Stories and Changing the Conversation

Inclusion is achieved when everyone who wants to be involved in education or employment have the opportunity to do so in a genuine and meaningful way.

You are invited to join us on

April 11, 2019 from 5-8pm at Canadore College

for the second event in our speaker series:

Inclusion in Employment and Education:

Sharing Stories and Changing the Conversation

This evening will feature speakers sharing stories about the successes and challenges faced when people with disabilities try to gain full access to education and employment opportunities. Inclusive hiring practices and accessible education enrich the lives of people with disabilities and their families, grow businesses, diversify learning institutions, and strengthen communities.

Everyone wins when everyone contributes!

All are welcome. Dinner and refreshments served. Please RSVP to Project Coordinator Lyndsay Gray at lgray@clps.ca or 1-705-938-0219 by April 4, 2019.
