

Community Living Parry Sound Measuring Community Inclusion

2018-2019

Who is Community Living Parry Sound?

a non-profit organization that works to ensure that people with developmental disabilities can live in their community under conditions that encourage personal growth and promote participation as valued and contributing citizens.

WHAT IS COMMUNITY INCLUSION?

Presence: Participating in all settings where people with and without disabilities are present, including classrooms, board rooms, businesses, neighbourhoods, and community events.

Choice: Having multiple experiences to draw from, selecting and engaging in activities as desired, choosing who will participate with you.

Competence and Contribution: Being recognized for strengths, contributing and having opportunities to learn more.

Respect and Valued Roles: Having every opportunity to participate in community life and being valued for uniqueness and abilities, just like everyone else.

Participation: Engaging with others, having a wide variety of relationships being known and knowing others, being part of the event.

Belonging: A very strong feeling that a person experiences when they are valued by others.

Citizenship: Participating as a citizen of a particular country by exercising your rights and responsibilities.

OUR VISION

A community where all people have the power and freedom to live the life they want.
